ALIO 6-D

Integrators – OEMs – Research – Aerospace – Manufacturers – Prototyping – Volume Production

It is not enough to just simply exist in this world but we all must strive to make it better for our families and especially for those who follow. Creating products that enable novel and revolutionary processes is our passion at ALIO, while making sure we never sacrifice character or sacrifice our environment.

September 2017 Spotlight

Scalable Travel Range and Payload Options

User-Configurable CNC Interface

Laser Gimbal™ Five-Axis Positioning Workstation The World's Only Positioning System With 5-D Vector Path Laser Triggering

[LEARN MORE](#)

ALIO's all-new Laser Gimbal™ Five Axis Positioning Workstation provides a novel solution to Engineers and Manufacturers around the globe who are applying advanced laser processing techniques on cutting-edge materials to produce a variety of next generation products.

Inside ALIO

ALIO Industries, Inc. is pleased to introduce the organization's Vice President of Sales, Walter M. Silvesky. Charged with growing the company's portfolio of domestic and international accounts, Walter brings to ALIO nearly three decades of industry experience in precision automation having spent more than 27 years with Newport Corporation.

During his tenure with Newport, Walter led multi-disciplined sales and marketing teams in developing key U.S. based and international accounts for industries including; semiconductor, laser machining, metrology, life and health sciences, aerospace and defense, flat panel display, data storage, and photovoltaics.

We are very excited to welcome Walter to our team at ALIO. Walter has a proven record of facilitating long term business relationships with both customers and industry colleagues. His strong winning attitude and personality are assets that will complement and enhance ALIO's ability to meet the needs of our customers as we continue to provide the most innovative and highest quality products to the marketplace. "I am thrilled to be part of the ALIO team. My entire career has been dedicated to serving the needs of the precision motion control industry and I look forward to leveraging my knowledge and expertise in exceeding the expectations of ALIO's current and future customers."
